Volume 23 General Index

ABBOTT, R M. *See* FOSTER, K J, DEVITT, N, *et al.*

Abdominal gamma counting of ^{75}Se 23-selena-25-homocholic acid for assessment of ileal bile acid conservation, comparison with ^{14}C-1-cholylglycine breath test (*Methods and techniques*), **862**

Acetaldehyde oxidation, impairment in alcoholics, **729**

ADAMS, I P. *See* THORPE, J A C, OAKLAND, C, *et al.*

Adenine arabinoside 5'-monophosphate treatment, prolonged inhibition of viral replication in HBsAg- and HBcAg-positive chronic liver disease by, **717**

Adenocarcinoma of colon, absence of cytomegalovirus in, **21**

—— of small intestine complicating Crohn's disease, **188**

Adenomas, adenocarcinomas, and polyps of large bowel, necropsy study in Liverpool, **835**

——, tubular, and carcinomas of large intestine, enzymatic characteristics of, **194**

Adrenergic influence on concentrating function of feline gallbladder, **1019**

ADRIAN, T E. *See* BESTERMAN, H S, ADRIAN, T E, *et al.*

AGBACK, H. *See* WILLOUGHBY, C P, ARONSON, J K, *et al.*

Ageing and liver cirrhosis, effects on elimination and bioavailability of ranitidine, **819**

ALBAN DAVIES, H, KAYE, M D, RHODES, J, DART, A M, and HENDERSON, A H: Diagnosis of oesophageal spasm by ergometrine provocation, **89**

ALBERTI, A. *See* MELICONI, R, PERPERAS, A, *et al.*

——. *See* REALDI, G, ALBERTI, A, *et al.*

ALBERTI, K G M M. *See* JOHNSTON, D G, ALBERTI, K G M M, *et al.*

Alcohol administration, chronic, inhibition of liver regeneration by, **8**

—— ——, prolonged, and high carbohydrate-low protein diet, effect on jejunal brush border enzyme activity in rat, **962**

Alcoholic cirrhosis, serum and small intestinal secretory IgA levels in, **475**

—— hepatitis, acute, severe, methylprednisolone therapy in (*Clinical trial*), **75**

—— liver disease, glycerol clearance in, **257**

—— —— ——, liver membrane antibodies in, prevalence and immunoglobulin class of, **221**

Alcoholics, chronic, hepatic pericentral sclerosis in, clinical detection of, **215**

Alcoholism, impaired acetaldehyde oxidation in, **729**

Alcohol-related liver disease, thioctic acid treatment of (*Clinical trial*), **1088**

ALDINI, R, RODA, A, FESTI, D, MAZZELLA, G, MORSELLI, A M, SAMA, C, RODA, E, SCOPINARO, N, and BARBARA, I: Diagnostic value of serum primary bile acids in detecting bile acid malabsorption, **829**

Alkaline phosphatase activity, intestinal, changes in cholera toxin-treated rats, **507**

—— —— in adult large intestine, ultrastructural localisation of, **134**

—— —— synthesis during *in vitro* culture of jejunal biopsies from control and coeliac disease subjects, **108**

ALLAN, R N. *See* HAWKER, P C, GYDE, S N, *et al.*

——. *See* KEIGHLEY, M R B, YOUNGS, D, *et al.*

——. *See* PRIOR, P, GYDE, S N, *et al.*

Alpha heavy chain disease in Japan lacking secretory alpha chain with endoscopic demonstration of 'cobblestone' small intestine and duodenal ulcer (*Case report*), **422**

Alpha-gliadin. *See* α-Gliadin

AL THAMERY, D. *See* GILLON, J, AL THAMERY, D, *et al.*

ALUMETS, J. *See* SJÖLUND, K, ALUMETS, J, *et al.*

AMAR, J N. *See* WHITTAKER, S J, AMAR, J N, *et al.*

Amino acids, absorption *in vivo* from peptide-containing protein hydrolysate, effect of concentration, **304**

—— ——, branched-chain, in treatment of liver cirrhosis and chronic hepatic encephalopathy, trial of, **801**

—— ——, plasma patterns in liver disease, **362**

—— ——, profiles, plasma and intraluminal, after meals with protein hydrolysate or equivalent amino acid mixture, comparison of, **670**

ANDERSSON, H. *See* NILSSON, L O, ANDERSSON, H, *et al.*

ANDRÉ, C, GILLON, J, MOULINIER, B, MARTIN, A, and FARGIER, M C: Randomised placebo-controlled double-blind trial of two dosages of sodium cromoglycate in treatment of varioliform gastritis: comparison with cimetidine (*Clinical trial*), **348**

ANGUS, K W. *See* TZIPORI, S, ANGUS, K W, *et al.*

Anorectal function, assessment in selection for ileorectal anastomosis in Crohn's colitis, **102**

—— sensation, role in preservation of continence, **345**

ANTHONY, R S. *See* BURT, A D, ANTHONY, R S, *et al.*

Antibodies, liver membrane, in alcoholic liver disease, prevalence and immunoglobulin class of, **221**

—— to liver membrane lipoprotein in acute liver disease, **603**

Antibody, antimitochondrial, in test for differentiation of primary biliary cirrhosis, evaluation of, **814**

Antidiarrhoeal activity of loperamide and influence on ion transport across rabbit ileal mucosa *in vitro*, **974**

Antigen, hepatitis B. *See* Hepatitis B (surface) antigen

Antimitochondrial antibody test for differentiation of primary biliary cirrhosis, evaluation of, **814**

Antiproteinase chemotherapy of acute experimental pancreatitis with leupeptin, comparison with Trasylol, **939**

Antipyrine elimination as dynamic test of liver function in obstructive jaundice, **734**

Antrum, G- and D-cells of, in different states of gastric acid secretion, **285**

——, gastric, and pylorus, motor function for evacuation of low and high viscosity meals in dogs, **150**

ARAPAKIS, G. *See* LADAS, S, PAPANIKOS, J, *et al.*

AREOLA-ORTIZ, F. *See* SVENBERG, I, CHRISTOFIDES, N D, *et al.*

ARIETAS, Y. *See* LAWAETZ, O, ARIETAS, Y, *et al.*

ARNFRED, I. *See* THAYSEN, E H, ORHOLM, M, *et al.*

ARNOLD, R, HÜLSE, M V, NEUHOF, C H, SCHWARTING, H, BECKER, H D, and CREUTZFELDT, W: Antral gastrin-producing G-cells and somatostatin-producing D-cells in different states of gastric acid secretion, **285**

ARONSON, J K. *See* WILLOUGHBY, C P, ARONSON, J K, *et al.*

ARVA, P H. *See* VAIN, M H, TJORA, S, *et al.*

ASAKURA, H. *See* HIBI, T, ASAKURA, H, *et al.*

——. *See* MIURA, S, ASAKURA, H, *et al.*

Ascites, chylous, after H-graft interposition mesocaval shunt (*Case report*), **633**

Aspirin and ethanol, gastric mucosal lesions induced by, prevention by paracetamol and salicylate in rats, and role of endogenous prostaglandins, **536**

—— and paracetamol consumption in haematemesis and melaena, **340**

——, Bufferin or paracetamol, 24-hour treatment with, effect on normal gastroduodenal mucosa, **692**; *Errata*, **879**

——, dexamethasone, and heparin, effect on pulmonary changes in experimental acute pancreatitis in rat, **481**

ATKINSON, M. *See* BRANICKI, F J, EVANS, D F, *et al.*

——. *See* HEATLEY, R V, EVANS, B K, *et al.*

——. *See* OGILVIE, A L, DRONFIELD, M W, *et al.*

Atropine, effect on interdigestive biliary output and plasma motilin fluctuations, **1024**

Autoantibodies, characteristation of antigenic determinants in liver membrane lipoprotein fractions by, **14**

AXON, A T R. *See* HAMILTON, I, COBDEN, I, *et al.*

——. *See* HAMILTON, I, WORSLEY, B W, *et al.*

——. *See* O'CONNOR, H J, ROTHWELL, J, *et al.*
Azathioprine with or without prednisolone, effect in chronic hepatitis B viral infection, **650**

B cells, stimulation of, non-specific, demonstration in cirrhosis, and role in hypergammaglobulinaemia **724**
Bacteraemia associated with intraoperative cholangiography in patients with infected bile, **1015**
Bacteria, gastrointestinal, fat absorption after bile secretion deprivation in rats free from, **49**
Bacterial and fungal infection in children with fulminant hepatic failure, relation to yeast opsonisation and complement deficiencies, **1037**
—— overgrowth in small bowel, investigation by simultaneous culture of saliva and jejunal aspirate, **847**
—— ——, nitrites, and nitrosamines, intragastric, during cimetidine treatment, **1048**
BAHARI, H M M, ROSS, I N, and TURNBERG, L A: Demonstration of a pH gradient across the mucus layer on the surface of human gastric mucosa *in vitro*, **513**
BALASOORIYA, B A W. *See* WILLIAMS, A R, BALASOORIYA, B A W, *et al.*
BALDONI, F. *See* GULLO, L, PRIORI, P, *et al.*
BARAKAT, M H: Endoscopic features of primary small bowel lymphoma: a proposed endoscopic classification, **36**
BARBARA L. *See* ALDINI, R, RODA, A, *et al.*
BARNES, M P. *See* WHICHER, J T, BARNES, M P, *et al.*
BARRY, R E. *See* GIANNOULIS, E L, and BARRY, R E.
BARTHOLOMEW, B A. *See* STOCKBRUGGER, R W, COTTON, P B, *et al.*
BARTOLO, D, GOEPEL, J R, and PARSONS, M A: Rectal malignant lymphoma in chronic ulcerative colitis (*Case report*), **164**
BASS, N M, BURROUGHS, A K, SCHEUER, P J, JAMES, D G, and SHERLOCK, S: Chronic intrahepatic cholestasis due to sarcoidosis (*Case report*), **417**
BASSSENDINE, M F. *See* WELLER I V D, BASSSENDINE, M F, *et al.*
BATCHELOR, A J, WATSON, G, and COMPSTON, J E: Changes in plasma half-life and clearance of ^{3}H-25-hydroxyvitamin D_3 in patients with intestinal malabsorption, **1068**
BATEMAN, D N, and WHITTINGHAM, T A: Measurement of gastric emptying by real-time ultrasound, **524**
——. *See also* ZAR, M A, EBONG, O O, *et al.*
BECK, J S. *See* PEDEN, N R, ROBERTSON, A J, *et al.*
BECKER, H D. *See* ARNOLD, R, HÜLSI, M V, *et al.*
BEEKEN, W L. *See* HOLDSTOCK, G, MACPHERSON, B, *et al.*
BÉKÁSSY, A. *See* HILDEBRAND, H, BORGSTRÖM, B, *et al.*
BELIAH, M. *See* MESSING, B, BELIAH, M, *et al.*
BELL, I E. *See* BENJAWATANAPON, C, BELL, I E, *et al.*
BENJAMIN, I S. *See* MCPHERSON, G A D, BENJAMIN, I S, *et al.*
BENJAWATANAPON, C, BELL, I E, and WILLIAMS, L: Ultrastructural localisation of alkaline phosphatase in adult human large intestine, **134**
BERG, N O. *See* SJÖLUND, K, ALUMETS, J, *et al.*
BERGHOUSE, L M, ELLIOTT, P R, LENNARD-JONES, J E, ENGLISH J, and MARKS, V: Plasma prednisolone levels during intravenous therapy in acute colitis, **980**
BERNIER, J J. *See* MESSING, B, BELIAH, M, *et al.*
BERNSTEIN, J. *See* SCHILL, R, BREUER, R I, *et al.*
BERRY, A R, and TAYLOR, I V: Effect of drugs on the pulmonary changes in experimental acute pancreatitis in the rat, **481**
BESTERMAN, H S, ADRIAN, T E, MALLINSON, C N, CHRISTOFIDES, N D, SARSON, D L, PERA, A, LOMBARDO, L, MODIGLIANI, R, and BLOOM S R: Gut hormone release after intestinal resection, **854**
Bile acid and lysolecithin levels in stomach in duodenal ulcer before and after highly selective vagotomy, partial gastrectomy or truncal vagotomy and drainage, **569**
Bile acids, absorption kinetics in Crohn's disease patients on elemental diet after oral chenodeoxycholic-11, 12-d$_2$ acid with stable-isotope tracer, **751**
—— acids, conservation in ileum, assessment by abdominal gamma counting of ^{75}Se 23-selena-25-homocholic acid compared with ^{14}C-1-cholylglycine breath test (*Methods and techniques*), **862**
—— ——, primary, in serum, diagnostic value in detection of bile acid malabsorption, **829**
—— ——, unconjugated, serum levels, diurnal changes in normal man, **637**
—— duct endoprosthesis, large bore, transpapillary, in palliative treatment of obstructive jaundice in 45 patients, **371**
——, infected, intraoperative cholangiography in patients with, bacteraemia and other hazards in, **1015**
—— output, interdigestive, relation to plasma motilin fluctuations, and effect of atrepine, **1024**
—— secretion, deprivation of, fat absorption in germ-free and conventional rats after, **49**
Biliary and pancreatic secretion, postprandial, inhibition by loperamide in short bowel syndrome, **98**
—— cirrhosis, primary, differentiation of, antimitochondrial antibody test for, evaluation of, **814**
—— lipids, secretion in chronic cholestatic liver disease, **931**
Bilirubin and mono- and diconjugates in serum, measurement of, technique and application to hepatobiliary disease, **643**
BINDER, V. *See* WANDALL, J H, and BINDER, V.
Biopsy and brush cytology in diagnosis of gastric cancer, evaluation of, **774**
BIRD, R B. *See* SLOPER, K S, DOURMASHKIN, R R, *et al.*
BJÖRCK, S, JANSSON, R, and SVANVIK, J: Adrenergic influence on concentrating function in the feline gall bladder, **1019**
BLACKSTOCK, E J. *See* SEITCHELL, K D R, LAWSON, A M, *et al.*
BLACKWOOD, W S. *See* FITZPATRICK, W J F, BLACKWOOD, W S, *et al.*
BLAIN, P G. *See* JOHNSTON, D G, ALBERTI, K G M M, *et al.*
BLANCKAERT, N. *See* SCHARSCHMIDT, B F, BLANCKAERT, N, *et al.*
Bleeding oesophageal varices, endoscopic sclerotherapy for, broncho-oesophageal fistula as late complication of (*Case report*), **1005**
—— —— —— treated by sclerotherapy, histopathological study, **615**
——. *See also* Haemorrhage
Blood flow, gastric mucosal, and gastric acid secretion, effect of nicotine, **532**
——, peripheral, lymphocytes of, mitogen stimulation in duodenal ulcer during cimetidine or ranitidine treatment, **398**
—— transfusion, acute and chronic non-A, non-B hepatitis after, long-term follow-up with evidence of progression to liver cirrhosis, **270**
——, whole, lymphocyte populations defined by surface markers, enumeration in Crohn's disease, **766**
BLOOM, S R. *See* BESTERMAN, H S, ADRIAN, T E, *et al.*
——. *See* SVENBERG, T, CHRISTOFIDES, N D, *et al.*
BLUMGART, L H. *See* MCPHERSON, G A D, BENJAMIN, I S, *et al.*
BOCKEL, R. *See* RAUL, F, DOFFOEL, M, *et al.*
BODIN, N O. *See* WILLOUGHBY, C P, ARONSON, J K, *et al.*
Bone marrow transplantation, liver disease after, **465**
BOOBIS, A R. *See* MCPHERSON, G A D, BENJAMIN, I S, *et al.*

—— sphincter, delayed repair for trauma, results of. **A902**

—— ——, internal, effect of colonic motor activity. **A914**

ANDERSON, R. A. *et al.*: HLA- A and B antigens in alcoholic and non-alcoholic chronic pancreatitis: is non-alcoholic chronic pancreatitis an autoimmune disease?. **A895**

Antibiotics in management of active or recently treated antibiotic-induced *Clostridium difficile* colitis. **A891**

Antibodies, tumour-specific, in pancreatic cancer, identification of. **A460**

Antibody, monoclonal, reacting with human hepatocytes, possible diagnostic applications. **A445**

—— to hepatocytes. *See* RL23/36

Antigen, protein (ovalbumin), neonatal feeding with, effect on systemic and local CMI responses. **A895**

Antigens, HLA, in coeliac disease associated with malignancy. **A920**

——, HLA- A and B, in alcoholic and non-alcoholic chronic pancreatitis with evidence of autoimmune basis for non-alcoholic form. **A895**

α_1-Antitrypsin deficiency, lymphocyte cytotoxicity to autologous hepatocytes in, as result of liver damage. **A922**

ANTONSEN, S. *et al.*: Influence of a new selective 5-HT_2 receptor antagonist (ketanserin) on jejunal PGE_2 release and ion secretion due to malignant carcinoid syndrome. **A887**

Antrum, G-cell hyperfunction, and hyperpepsinogenaemia I, syndrome of, evidence for heterogeneity of. **A436**

——, —— hyperplasia. **A903**

——, mucosa of, IgA synthesis and secretion *in vitro* by. **A459**

ARAMAYO, I. *et al.*: Disaccharidase activities in intestinal fluid reflect local tissue levels. **A925**

Ascites, hepatic, hyponatraemia and ADH secretion in. **A449**

Ascitic fluid, protein composition of. **A884**

Astrovirus in small intestinal mucosa in 2 children. **A923**

Atropine, sham feeding with and without, effect on cephalic phase of pancreatic secretion. **A898**

—— suppression of pancreatic polypeptide, absence of, differentiation of tumour PP production by. **A905**

Autoimmune basis for non-alcoholic chronic pancreatitis, evidence from HLA- A and B antigens. **A895**

B blockade. *See* Beta-adrenergic blockade

B cell proliferation and IgM production, different immunoregulatory mechanisms for. **A893**

Bacteraemia after flexible fibreoptic sigmoidoscopy. **A915**

—— in upper gastrointestinal endoscopy. **A432**

Bacteria associated with colon wall. **A435**

Bacterial neuraminidase as cause of relapse in ulcerative colitis. **A897**

BAILEY, D. S. *et al.*: Rough endoplasmic reticulum of intestinal enterocytes: the site of co-translational glycosylation of brush-border membrane enzymes. **A444**

Balloon proctogram for study of disorders of defaecation. **A437**

BARRISON, I. G. *et al.*: Is splenomegaly the only cause of thrombocytopenia in chronic liver disease?. **A447**

BASSENDINE, M. F. *et al.*: Controlled trial of high and low dose D-penicillamine in primary biliary cirrhosis: results at three years. **A909**

——, *et al.*: Platelet associated immunoglobulins in primary biliary cirrhosis. **A893**

BATES, T. *et al.*: Gall stones and mortality: a post mortem study of gall stone-related deaths. **A906**

BCNU and 5FU combination chemotherapy, effect on survival of rats with early dimethylhydrazine-induced colon cancer. **A440**

Beta-adrenergic blockade, selective (metoprolol) and non-selective (propranolol), in reduction of portal hypertension. **A889**

Bile acid pool detergency as determinant of biliary cholesterol

secretion and saturation. **A910**
—— —— —— size and cholesterol saturation of gallbladder bile, role of cholecystokinin in control of. **A462**
—— acids, different, effect on cholesterol esterase activity of human intestinal mucosa. **A887**
—— —— in faeces, metabolic profiling of, new methods for. **A912**
——, cholesterol saturation of, diurnal rhythm of, persistence after cholecystectomy and papillotomy. **A462**
——, —— secretion and saturation in, bile acid pool detergency as determinant of. **A910**
—— duct, common, stones in, and periampullary diverticula, endoscopic sphincterotomy with transhepatic technique for difficult cases. **A889**
—— ——, ——, —— ——, retained, comparison of mono-octanoin infusion and endoscopic sphincterotomy for. **A906**
—— —— strictures and portal hypertension after cholecystectomy, management of. **A900**
—— flow, effect of sodium and acetyl-salicylate. **A881**
——, gallbladder, fasting, cholesterol saturation of, in health, determinants of. **A882**
—— salt absorption after ileal resection, length of terminal ileum required for. **A892**
Biliary cirrhosis, primary, endoscopic retrograde cholangio-pancreatography in. **A910**
—— ——, ——, high and low dose D-penicillamine in, trial results after 3 years. **A909**
—— ——, ——, platelet-associated IgG and thrombocytopenia in. **A893**
—— ——, ——, vitamin D in. **A446**
—— decompression, non-operative, before surgery, selection for. **A456**
—— drainage, preoperative, necessary in obstructive jaundice surgery?. **A449**
—— excretion of enterokinase in pathogenesis of alcohol-induced acute pancreatitis. **A448**
—— lipid composition in gallstone patients and hepatic HMGCoA reductase activity in rats, effect of cyclandelate. **A911**
—— —— systems, heterogeneous nucleation of cholesterol in, by compounds found in gallstones. **A461**
—— prostheses, French, in duodenoscopic palliation of malignant obstructive jaundice. **A916**
—— tract disease, painful, glucagon treatment of, trial of. **A455**
—— —— surgery, mortality and morbidity in, statistical analysis of risk factors. **A441**
—— —— ——, postoperative mortality and morbidity in. **A441**
Biliopancreatic bypass for obesity, vitamin D status and bone histomorphometry after. **A890**
Biopsies, endoscopic, processing and embedding technique for. **A434**
Bisacodyl, colonic peristalsis induced by, failure of, as indication of intrinsic nerve damage. **A891**

Freezing, partial destruction of pancreas by, as alternative to radical excision for cancer. **A440**
Fructose intolerance, hereditary, adult, isolation and characterisation of mutant liver aldolase in. **A912**
5FU and BCNU combination chemotherapy, effect on survival of rats with early dimethylhydrazine-induced colon cancer. **A440**
Fundoplication for reflux, assessment of children by oesophageal pH monitoring before and after. **A921**
——, partial, transabdominal (Lind procedure) for reflux, evaluation of. **A900**

G cells, antral, hyperfunction of, and hyperpepsinogenaemia I, syndrome of, evidence for heterogeneity of. **A436**
—— ——, ——, hyperplasia of. **A903**
Gallbladder abnormalities in acute hepatitis, prospective study of. **A910**
—— and small intestine, response to meals rich in medium- and long-chain triglycerides, comparison of. **A458**
—— bile, cholesterol saturation of, and bile acid pool size, role of cholecystokinin in control of. **A462**
—— ——, fasting, cholesterol saturation of, in health, determinants of. **A882**
—— contraction, relationship to post-prandial cholecystokinin levels measured by new radioimmunoassay. **A905**
—— ——, role of motilin in. **A458**
—— disease, early diagnosis of, combination of HIDA scanning with ultrasound necessary for. **A455**
Gallstones, biliary lipid composition in patients with, and hepatic HMGCoA reductase activity in rats, effect of cyclandelate. **A911**
——, compounds found in, heterogeneous nucleation of cholesterol in biliary lipid systems by. **A461**
——, mortality study in post mortem reports and death certificates. **A906**
——, operations for, in patients with acute pancreatitis, criteria for. **A440**
——, Rowachol treatment for, experience of (1977–82). **A882**
Gastrectomy, partial, plasma cholecystokinin levels after, effect of bombesin. **A897**
——, regular endoscopy justified for exclusion of gastric stump cancer after?. **A453**
Gastric acid secretion and intragastric acidity, nocturnal, in duodenal ulcer cimetidine non-responders, effect of 1 g/day and 2 g/day cimetidine. **A454**
—— —— —— in response to pentagastrin in conscious dogs, effect of mast-cell stabilising agent (FPL 52694). **A899**
—— —— —— in Zollinger-Ellison syndrome, inhibition by omeprazole. **A907**
—— —— ——, inhibition of, AH22216 compared with ranitidine for. **A899**
—— —— ——, nocturnal, and 24 hour intragastric acidity in duodenal ulcer, inhibition by evening dose of SK&F 93479 compared with cimetidine. **A455**
—— —— ——, ——, in duodenal ulcer, effect of SK&F 93479 compared with cimetidine. **A454**
—— contents in relation to $^{99m}Tc^{m}$ gastric scanning. **A454**
—— emptying and dyspeptic symptoms in irritable bowel syndrome, effect of loperamide. **A437**
—— —— and small bowel transit time, effect of small intestinal intubation. **A443**
—— —— of liquids, chemoselective resistance to, site of. **A913**
—— juice, mutagenicity in. **A458**
—— mucosa, rat, gross thickening after long-term administration of 16,16 dm-PGE$_2$. **A450**
—— mucosal surface, mucus gel of, structural changes in disease. **A888**
—— 'mucus-bicarbonate' barrier and influence of prostaglandin on pH gradient across rat gastric mucus *in vivo*. **A899**
—— parietal cells, isolated, [^{14}C] aminopyrine uptake by, amino acid stimulation of. **A457**
—— secretion, inhibition by antisecretory drugs, effect of smoking. **A904**
—— ——, pentagastrin-stimulated and nocturnal, mianserin inhibition of. **A454**
—— stump cancer after gastrectomy, regular endoscopy justified for exclusion of?. **A453**
—— surgery patients, endoscopic review 15–20 years after operation. **A917**
—— $^{99m}Tc^{m}$ scanning in relation to gastric contents. **A454**
—— ulcer with massive bleeding, nature of bleeding point in. **A888**
—— *See also* Intragastric
Gastrin activity and adaptive response to small bowel resection. **A442**
—— cells. *See* G cells
Gastrin-containing secretory granules in mammalian gut, distinct sub-populations of, localisation with double immunogold staining method. **A880**

Prostacyclin and thromboxane synthesis in Crohn's disease, imbalance of, **A881**
Prostaglandin E_2 in rat small intestine, sites of production and inactivation of, implications of, **A887**
—— ——, long-term administration of 16,16 dm-PGE_2, gross thickening of rat gastric mucosa after, **A450**
—— —— release and ion secretion in jejunum due to malignant carcinoid syndrome, effect of ketanserin, **A887**
——, influence on pH gradient across rat gastric mucus *in vivo*, and gastric 'mucus-bicarbonate' barrier, **A899**
Prostaglandins, colonic, effect of sulphasalazine and 5-aminosalicylic acid, **A444**
—— involved in dioctyl sodium sulphosuccinate inhibition of jejunal glucose and water absorption?, **A443**
Prostheses, biliary, French, in duodenoscopic palliation of malignant obstructive jaundice, **A916**
Protein antigen feed (ovalbumin), neonatal, effect on systemic and local CMI responses, **A895**
——, brain (S-100), in non-neuronal components of gut innervation, **A433**
—— composition of ascitic fluid, **A884**
Proteinase inhibitors for collagenase inhibition in colonic mucosa, **A884**
Pulmonary function abnormalities in inflammatory bowel disease, **A448**
PUNTIS, J, *et al.*: Impact of Crohn's disease in childhood, **A892**

Radiographic discrimination of benign and malignant oesophageal strictures, **A453**
—— measurement of oesophageal stricture lumen size, **A448**
Radioimmunoassay for cholecystokinin, new, and relationship between post-prandial CCK levels and gallbladder contraction, **A905**
Radiological control of site of oesophageal sclerotherapy for varices, **A915**
Radiotelemetric capsules (radio-pills), dual pressure system for ambulant monitoring of small bowel motility, **A433**
RAETH, U, *et al.*: Ultrasound determination of liver size: role in monitoring response of liver tumours to chemotherapy, **A447**
RAMPTON, D S, *et al.*: Events preceding relapse in ulcerative

colitis, **A434**
Ranitidine as inhibitor of gastric acid secretion, comparison with AH22216, **A899**
READ, N W, and AL-JANABI, M: Small intestinal intubation delays gastric emptying, but accelerates small bowel transit time, **A443**
Rectal prolapse, complete, and neuropathic faecal incontinence, anal manometry in, **A902**
Rectum, carcinoma of, operable, prognostic factors in, UK study of, **A903**
——, mucosa of, acetylcholinesterase activity in Hirschsprung's disease, **A921**
Reflux, duodenogastric, somatostatin activity changes produced by, **A456**
——, gastro-oesophageal, ambulatory recordings and frequency duration index in, evaluation of, **A918**
——, ——, fundoplication for, assessment of children by oesophageal pH monitoring before and after, **A921**
——, —— scintiscan compared with pH monitoring for, **A919**
——, ——, transabdominal partial fundoplication (Lind procedure) for, evaluation of, **A900**
RHODES, J M, *et al.*: Bacterial neuraminidase: a possible cause of relapse in ulcerative colitis, **A897**
RL23/36, reactivity with normal and abnormal human liver tissue, **A894**
ROSE, J D R, *et al.*: Radiological control of oesophageal sclerotherapy: an improved technique, **A915**
——, *et al.*: Studies on the treatment of bleeding oesophageal varices by fibre-endoscopic sclerotherapy, **A433**
ROSS, I N, and TURNBERG, L A: Studies of the gastric 'mucus-bicarbonate' barrier: the influence of prostaglandin on the pH gradient across rat gastric mucus *in vivo*, **A899**
Rowachol treatment for gallstones, experience of (1977–82), **A882**

S-100 in non-neuronal components of gut innervation, **A433**
SAGOR, G R, *et al.*: Influence of somatostatin and bombesin on plasma enteroglucagon and cell proliferation after intestinal surgery, **A457**
Salicylates (sodium and acetyl-salicylate), effect on bile flow, **A881**
SAUNDERS, J B, *et al.*: Identification of alcohol dehydrogenase and aldehyde dehydrogenase isoenzymes in patients with alcoholic liver disease, **A907**

Stones. *See* Calculi

STOWER, M J, *et al.*: Double-blind trial of glucagon in the treatment of painful biliary tract disease. **A455**
Stress, prolonged but intermittent, inhibition of fasting motor complexes by. **A914**
STROBEL, S, and FERGUSON, A: Effects of neonatal antigen feed on subsequent systemic and local CMI responses. **A895**
STUBBS, R S: Selective operative cholangiography: viable or not?. **A441**
Sucrase inhibition by acarbose, reversibility of, in *in vivo* perfusion of rat jejunum. **A913**
Sulphasalazine and 5-aminosalicylic acid, effect on colonic prostaglandin system. **A444**
——, reversible male infertility in man and rat induced by. **A892**
——, 2 new analogues of (hipsalazine and balsalazine), pharmacological properties of. **A880**
Suppressor cell function in chronic liver disease, relation to T cell subsets. **A461**
—— —— —— in HBV-related chronic liver disease. **A461**
SWAIN, C P, *et al.*: Comparative study of the safety and efficacy of liquid and dry monopolar electrodes in experimental bleeding ulcers using computerised energy monitoring. **A433**
——, *et al.*: Controlled trial of Nd YAG laser photocoagulation in bleeding peptic ulcers. **A915**
——, *et al.*: Natural history of the Mallory-Weiss syndrome. **A918**
——, *et al.*: Nature of the bleeding point in massively bleeding gastric ulcers. **A888**
Swallowing, difficulty in. *See* Dysphagia
SWINSON, C M, *et al.*: HLA antigens in coeliac disease associated with malignancy. **A920**

T cells, cytotoxicity and circulating subsets in chronic hepatitis B virus infection. **A894**
—— ——, subsets in chronic liver disease, relation to suppressor cell function. **A461**
TANNER, M S, *et al.*: Does Indian childhood cirrhosis result from viral infection in a copper-laden liver?. **A922**
TAPIA, F J, *et al.*: Demonstration of immunoreactive sites of insulin biosynthesis using immunogold procedures. **A883**
Taurolin and noxythiolin for prevention of peritoneal adhesions after thermal injury. **A901**
TAYLOR, A R, *et al.*: Functional liver blood flow measured by Xenon-133 clearance. **A896**
TAYLOR, R H, and BARKER, H M: Reversibility of sucrase inhibition by acarbose in *in vivo* perfusion of the rat jejunum. **A913**
TAYLOR, T V, *et al.*: Is percutaneous functional cholecystectomy feasible?: an experimental study in the rabbit. **A906**
Technetium, $^{99m}Tc^{m}$ gastric scanning in relation to gastric contents. **A454**
Terpene. *See* Rowachol
TERRY, S I, *et al.*: Is intrahepatic cholestasis in sickle haemoglobinopathies a benign condition?. **A909**
Thermal injury, peritoneal adhesions after, prevention with noxythiolin and taurolin. **A901**
THOMAS, W E G, *et al.*: Altered somatostatin activity produced by duodenogastric reflux. **A456**
Thrombocytopenia and platelet-associated IgG in primary biliary cirrhosis. **A893**
—— in chronic liver disease, splenomegaly not sole cause of?. **A447**
Thromboxane and prostacyclin synthesis in Crohn's disease, imbalance of. **A881**
Tomography, photon emission, single, in evaluation of liver disease. **A908**
Transplantation, bone marrow, acute graft vs host disease after, gut and liver manifestations of. **A452**
——, ——, ——, for leukaemia, small intestinal damage before and after. **A437**
Triglyceride and diglyceride in pancreatic lipase deficiency, aqueous solubilisation of. **A885**
Triglycerides, medium- and long-chain, gallbladder and small intestinal responses to meals rich in, comparison of. **A458**
Trypsin, immunoreactive, serum, and pancreatic isoamylase in diagnosis of cystic fibrosis, comparison of. **A435**
—— secretion in response to endogenous and exogenous stimulation in chronic pancreatitis. **A898**
Tumour-specific antibodies in pancreatic cancer, identification of. **A460**
Tumours, carcinoid, advanced, hepatic artery embolisation in. **A917**
——, colonic, and ureterosigmoidostomy, endoscopic study. **A453**
—— of liver, growth of, enhancement after portal venous diversion in rat. **A896**
—— —— ——, response to chemotherapy, monitoring by ultrasound determination of liver size. **A447**
—— of papilla of Vater, duodenoscopic sphincterotomy for. **A456**
——, pancreatic polypeptide production by, differentiation by absence of atropine suppression of PP. **A905**
——. *See also* Neoplasms
TWOMEY, B, *et al.*: Pancreatic parenchymography using metrizamide. **A432**

Ulcers, bleeding, experimental, liquid and dry electrodes for endoscopic electrocoagulation in, comparison by computerised energy monitoring. **A433**
——. *See also under* Duodenum: Gastric: Peptic
Ultrasound and HIDA scanning for diagnosis of cholelithiasis in acute pancreatitis, comparative trial of. **A455**
——, combination with HIDA scanning necessary for early diagnosis of acute gallbladder disease. **A455**
—— control of percutaneous drainage of abdominal abscess. **A449**
—— determination of liver size in monitoring of liver tumour response to chemotherapy. **A447**
—— guided percutaneous pancreatography. **A917**
Ureterosigmoidostomy and colonic tumours, endoscopic study. **A453**
UITENTHAL, L O, *et al.*: Acarbose: a model for studying intestinal adaptation and gut hormone changes in disaccharide intolerance. **A442**

Vagotomy combined with cholecystectomy, increase in diarrhoea after. **A900**
VALERIO, D, *et al.*: Gastroduodenal perforation in North East Scotland, 1972–81: a rise in incidence. **A438**
VALLON, A G, *et al.*: Duodenoscopic sphincterotomy for tumours of the papilla of Vater. **A456**
——, *et al.*: Duodenoscopic treatment of acute cholangitis. **A915**
VALORI, R M, and WINGATE, D L: Evaluation of a dual pressure radio-pill system in ambulant human subjects. **A433**
——, *et al.*: Prolonged and intermittent stress inhibits human fasting motor complexes. **A914**
Vancomycin as adjunctive therapy in acute exacerbations of idiopathic colitis. **A452**
Varices, oesophageal, bleeding, fibre-endoscopic sclerotherapy for. **A433**
——, ——, ——, glypressin in comparative trial with vasopressin for. **A450**
——, ——, ——, injection sclerotherapy for, trial of 2 techniques. **A450**
——, ——, ——, recurrent, in cirrhosis, propranolol for prevention of, trial of. **A908**
——, —— sclerotherapy for, radiological control of site of. **A915**
VARNDELL, I M, *et al.*: Localisation of distinct sub-populations of gastrin-containing secretory granules in the mammalian gastrointestinal tract using a new double immunogold staining method. **A880**
Vasculitis, systemic, gastrointestinal manifestations of. **A890**
Vasopressin for bleeding oesophageal varices, in comparative trial with glypressin. **A450**

Vater's papilla, tumours of, duodenoscopic sphincterotomy for, **A456**
VEDI, S, *et al.*: Vitamin D status and bone histomorphometry after biliopancreatic bypass for obesity, **A890**
Villous atrophy, subtotal, unresponsive, and familial hypomagnesaemia, *in vitro* gluten sensitivity in patient with, **A924**
Viral infection in copper-laden liver, Indian childhood cirrhosis result of?, **A922**
Vitamin B_{12}. *See* Cyancobalamin ($^{57}CoB_{12}$)
—— D in primary biliary cirrhosis, **A446**
—— —— status and bone histomorphometry after biliopancreatic bypass for obesity, **A890**
Vivonex in treatment of acute Crohn's disease, trial of, **A891**

WALMSLEY, B H, *et al.*: Hepatic, mesenteric, and splenic blood flow after digestion, **A886**
——, *et al.*: Non-invasive assessment of intestinal ischaemia, **A902**

Treatment of hepatic encephalopathy with metronidazole M H MORGAN, A E READ, AND D C E SPELLER 1
Inhibition of liver regeneration by chronic alcohol administration L DUGUAY, D COUTU, C HETU, AND J-G JOLY 8
Fractionation of the liver membrane lipoprotein (LSP) and characterisation of its antigenic determinants by autoantibodies and a heterologous anti-LSP serum M MANNS AND K-H MEYER ZUM BUSCHENFELDE 14
Lack of association of cytomegalovirus with adenocarcinoma of the colon HELENA HART, W A NEILL, AND MARY NORVAL 21
Role of autologous lymphocyte cytotoxicity in colonic neoplasia P GALLAGHER, B M VOSE, M MOORE, AND P E SCHOFIELD 31
Endoscopic features of primary small bowel lymphoma: a proposed endoscopic classification M H BARAKAT 36
Enteropathy of coeliac disease in adults: increased number of enterochromaffin cells in the duodenal mucosa K SJÖLUND, J ALUMENTS, N-O BERG, R HÅKANSON, AND F SUNDLER 42
Fat absorption in germ-free and conventional rats artificially deprived of bile secretion Y DEMARNE, T CORRING, ANDREE PIHET, AND E SACQUET 49
Gastric mucosal histamine and histamine methyltransferase in patients with duodenal ulcer N R PEDEN, HELEN CALLACHAN, D M SHEPHERD, AND K G WORMSLEY 58
Effect of naloxone on met-enkephalin-induced gastric acid secretion and serum gastrin in man P SKOV OLSEN, P KIRKEGAARD, B PETERSEN, AND J CHRISTIANSEN 63
Effect of metoclopramide in guinea-pig ileum longitudinal muscle: evidence against dopamine-mediation M A ZAR, O O EBONG, AND D N BATEMAN 66
Experimental infection of lambs with Cryptosporidium isolated from a human patient with diarrhoea S TZIPORI, K W ANGUS, I CAMPBELL, AND E W GRAY 71
Clinical trial: Controlled trial of methylprednisolone therapy in severe acute alcoholic hepatitis A THEODOSSI, A L W F EDDLESTON, AND ROGER WILLIAMS 75
Case reports: Chronic malabsorption due to cryptosporidiosis in a child with immunoglobulin deficiency K S SLOPER, R R DOURMASHKIN, R B BIRD, G SLAVIN, AND A D B WEBSTER 80
Cellular response to alpha-gliadin in untreated coeliac disease CLIONA O'FARRELLY, C FEIGHERY, J F GREALLY, AND D G WEIR 83
Books. News 88

No. 2 FEBRUARY 1982

Diagnosis of oesophageal spasm by ergometrine provocation H ALBAN DAVIES, M D KAYE, J RHODES, A M DART, AND A H HENDERSON 89
Inhibition of postprandial pancreatic and biliary secretion by loperamide in patients with short bowel syndrome MARGOT REMINGTON, C RICHARD FLEMING, AND J-R MALAGELADA 98
Assessment of anorectal function in selection of patients for ileorectal anastomosis in Crohn's colitis M R B KEIGHLEY, P BUCHMANN, AND J R LEE 102
Alkaline phosphatase synthesis and properties of subcellular organelles during in vitro culture of jejunal biopsies from control subjects and patients with coeliac disease P E JONES, C L'HIRONDEL, AND T J PETERS 108
Cell-mediated immunity to gluten within the small intestinal mucosa in coeliac disease P D HOWDLE, A W BULLEN, AND M S LOSOWSKY 115
Immunohistochemical evaluation of carcinoembryonic antigen, secretory component, and epithelial IgA in ulcerative colitis with dysplasia T O ROGNUM, E ELGJO, O FAUSA, AND P BRANDTZAEG 123
Ultrastructural localisation of alkaline phosphatase in adult human large intestine C BENJAWATANAPON, L E BELL, AND L WILLIAMS 134
Gastro-oesophageal candidiasis B B SCOTT AND D JENKINS 137
Somatostatin and the intestinal transport of glucose and other nutrients in the anaesthetised rat C DAUMERIE AND J C HENQUIN 140
Bioassay of cholecystokinin E L GIANNOULIS AND R E BARRY 146
Motor function of gastric antrum and pylorus for evacuation of low and high viscosity meals in dogs J PROVE AND H-J EHRLEIN 150
Oxmetidine: clinical pharmacological studies with a new H2-receptor antagonist JANE G MILLS, P L BRUNET, R GRIFFITHS, R H HUNT, DIANA VINCENT, G J MILTON-THOMPSON, AND W L BURLAND 157
Case report: Rectal malignant lymphoma in chronic ulcerative colitis D BARTOLO, J R GOEPEL, AND M A PARSONS 164
Epidemiology: Family incidence of carcinoma of the colon and rectum in north-east Scotland J L DUNCAN AND J KYLE 169
Books. News 172
